1937*

Margaret,

In spite of our differences, we have gotten along together. Margaret, I admire you for your inspiring and influential personality. You've shown to me that you are true much in life. Some times we have had the wrong opinions of things, yet at times, we agree to things. After all, friendship is merely based upon a mutual understanding rather than thinking alike.

Continue to fight for your high ideals and success is sure to be yours. Copyright 1937  
LEIGHTON PRESSON, Editor  
HAROLD SEVERS, Business Manager Whatever you do, and wherever you go, I am wishing you the best of everything. May you have luck, happiness, and success an "lots of it."

Always,

Severs

P.S. I know you have had a tough time with your room mates, but after all, --- that is expected. You, Glad, and Margaret have certainly stayed by each other with your hearts ??..?

# *Dedication*

**T**O the essential and characteristic constituents of Brevard College, to those phases of its activity in which Brevard College is original, and to the democratic principle that education should be brought within the financial grasp of every young man and young woman, this

THE 1937 EDITION OF THE PERTELOTE,

pays sincere tribute.

## *Building Brevard*

Brevard College, located in Brevard, North Carolina, in the French Broad Valley, occupies the site of the former Brevard Institute. It is the result of a merger of Rutherford and Weaver Colleges. The history of these institutions, operating under the auspices of the Methodist Episcopal Church, South, dates back several decades. Brevard College, as their successor, is pledged to the continuance of their noble traditions. With the establishment of the new college, however, a new and different principle is emphasized.

Brevard is, first of all, a work college. It is an institution where low cost is secondary in importance only to the thoroughness and quality of work. Brevard represents four ideals—a Christian institution, sound scholarship, the lowest possible student expense, and practical training. The exercise of economic principles is based on the idea that it is better to receive than to give: Brevard College is founded on the reverse of that idea. Modern industry is continually tapping new markets for its products: Brevard College is investigating new markets for its educational advantages. Brevard, through a plan of self-help, has enabled to obtain a college education young men and young women who would otherwise have been denied that privilege because of expense. A few students in every college earn their expenses on their own initiative. Brevard has dedicated itself to specializing in this field of educational

endeavor. Brevard College has put within the grasp of everyone two years of good education.

It would be difficult, if not impossible, to ascertain just what Brevard College may evolve towards in the future. The 1937 Student Body, however, realizes no limits to the heights to which it may rise. We believe in the ability of the faculty of Brevard; we have confidence in the methods being used; and we have an unalterable sanguineness regarding the integrity of the principle and the purpose to which Brevard College has pledged itself. Advancing on a knowledge of what Brevard has accomplished in its three years of life, and building our faith on the solid rock of its ideals, the 1937 edition of the PERTELOTE concerns itself with a few plausible prognostications regarding the future of our College.

During our stay at Brevard, plans for an expansion program were formulated. Actual work on certain phases of the program was begun. Slowly, day by day, a dream began to materialize. Piles of heavy river rock, cement piping stacked high to one side, the dull sound of picks falling on hard earth, have meant joy to us as they added conviction to the hope that an athletic field and gymnasium would soon be a reality on the Brevard campus.

Seeing that this part of the development has already received momentum it is rational to believe that the rest of the plans will develop according to expectation. An infirmary and a library will be the next immediate projects. After those there will be a dormitory for young women. Brevard College will then concentrate on acquiring a science building and its equipment. Meanwhile the college anticipates an aggregate endowment of a million dollars. We join in these material aspirations. It is hoped and believed that, as we leave Brevard College and take our places in the world as citizens, with a superior preparation to meet the problems of living, both from a standpoint of religious fortitude and practical ability, we shall not be content merely to remember Brevard College favorably for the many advantages which it has extended to us; but that we shall show our appreciation in material contributions. We hope in this manner to continue to have a part in the building of Brevard.

The magnitude of our optimism regarding the loftiness of religious and spiritual attainment Brevard College will ascend to brooks no discouragement. Such optimism can be sustained and demonstrated only in the future lives of this graduating class and the students who are to follow.

—THE EDITOR.

## *Connestee*

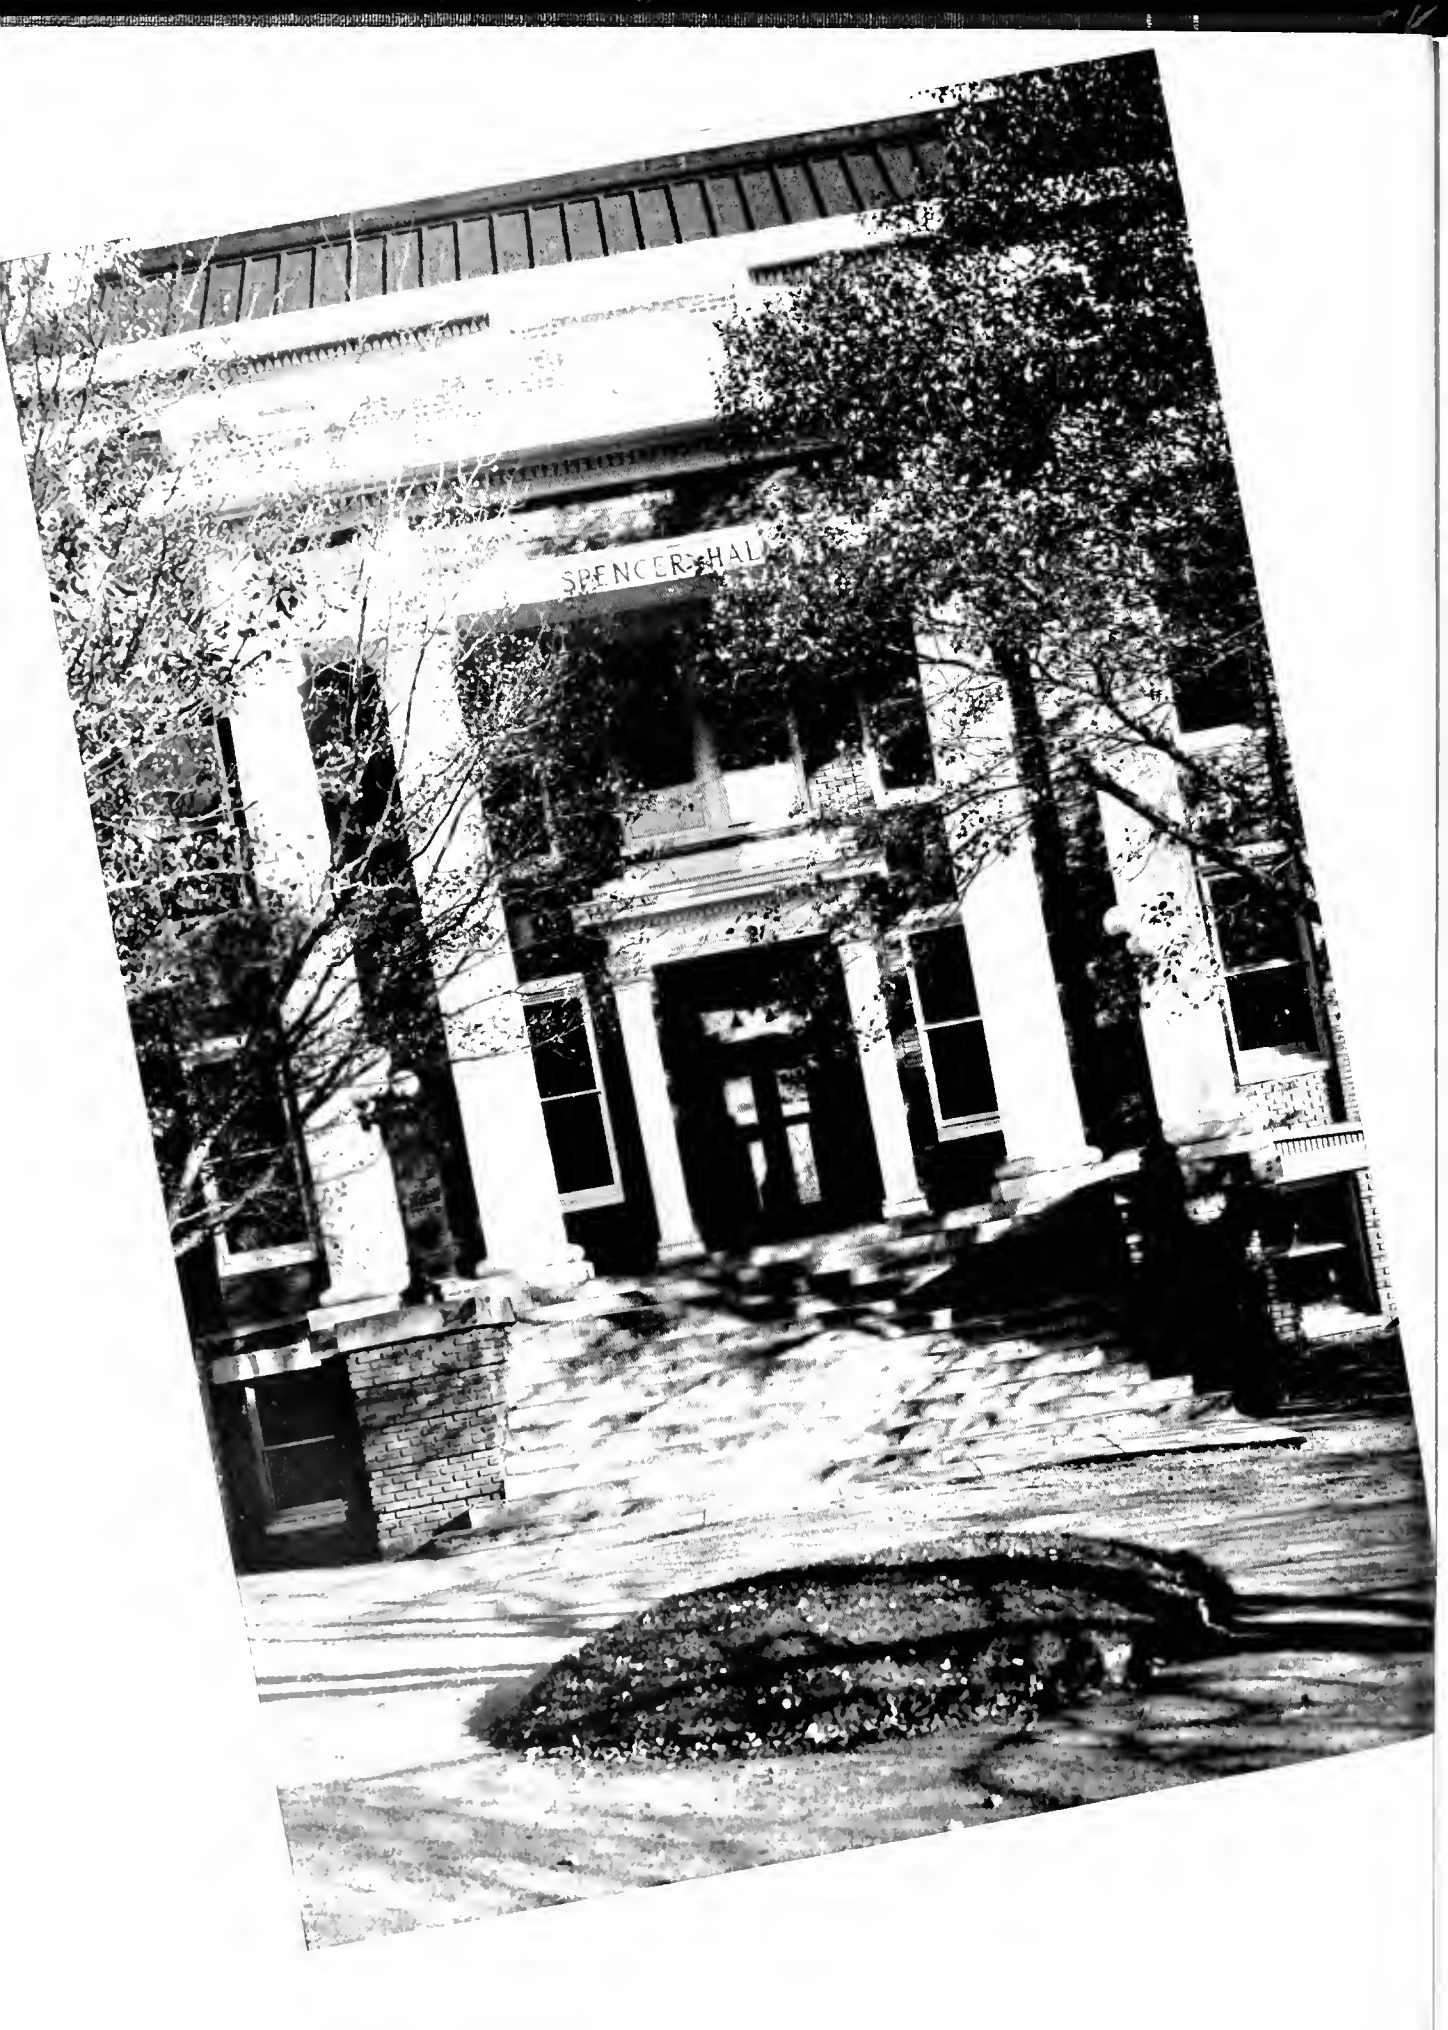

Connestee, Connestee, sing me a song  
Of the mountains and woods whence you spring;  
Of the wild rhododendron, the glowing pink laurel,  
The roseate blooms of the sweet mountain laurel,  
Of them sing to me, Connestee, sing.

Connestee, Connestee, tell me a tale  
Of the men who have lived in your part  
Of the wild mountain fastness, and conquered its perils,  
Who have lived on its richness in spite of its perils,  
Who have gained from it fullness of heart.

Connestee, Connestee, sing me this song  
Of the mountains and woods whence you spring;  
Of the cold mountain winter, the sweet mountain springtime,  
Of the green and the rose and the blue of the springtime,  
Of these sing to me, Connestee, sing.

*A Message  
to the Class of 1937*

**D**URING the period of two years which you have spent in Brevard College you have acquired certain ideals and attitudes. You are not the same persons you were when you came to this institution. You have more information and you have developed some new techniques. You ought to be better and different. You ought to have the ability and the habit of standing alone. You ought to have the cooperative spirit also. My great hope for you is that you may continue your education and that those wholesome qualities which you have acquired here may continue to develop. We hope that your various achievements in future years may reflect credit upon this college. The public will evaluate the institution by the appraisal which it places upon you.

Eugene J. Coltrane,  
President of the College.

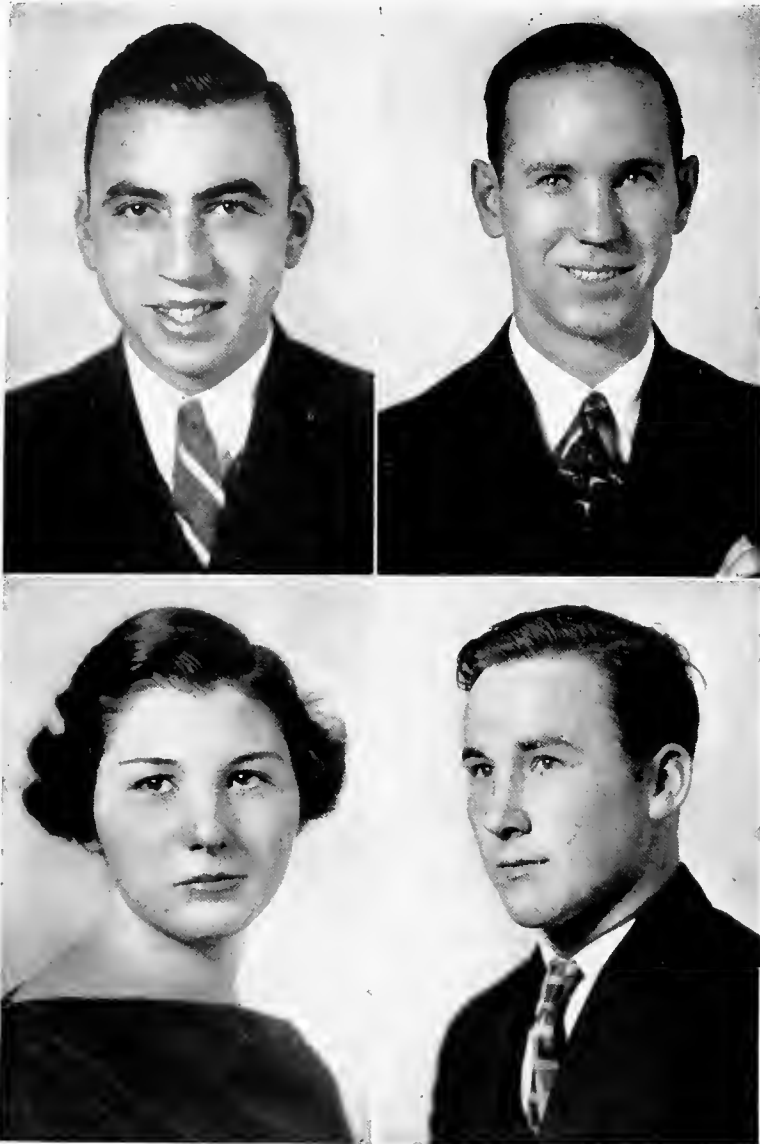

## *Self-Help*

In this picture is depicted one of the most important extra-curricula activities on our campus. The one-hundred acre farm not only furnishes many students the opportunity to earn money to be applied on their expenses, but supplies the campus dining halls with meats and vegetables.

Brevard makes it possible for deserving young people to attend college who would not be able to go without this remuneration which their practical ability brings them. If one takes his work seriously, as he should, he gets practical experience. The students have instructors to supervise the work which they are given to do. It is really a pleasure to work in a system of this kind. One does not feel that it is work, but that it is a part of his regular college training. No matter what his choice of work may be, he gains experience which will benefit him in later years. It is with the deepest appreciation that this cooperative plan is accepted by the students of Brevard. We wish it even more success in the future than it has had in the past.

*"The world rocks on and so does 'Pete,'  
Graceful, happy, quiet, and sweet."*

Euterpean; Fireside Club; Folk-Lore Club; Boosters' Club; Baptist Club; Choir. This popular little brunette attracts a lot of attention with her witty remarks and happy laughter. She is the kind of person one likes to associate with and we know she'll have smooth sailing.

JOSEPH RUSSELL ANDREWS

Saluda, North Carolina  
*"He wants this said of him—  
'He is a Christian.'"*

Clisosophic; Censor '37, Vice-President '36; Dramatic Club, Vice-President '37; Glee Club; Ministerial Band, Vice-President '37; Choir; Ross Hall Council. A willing and conscientious worker is Russell. We all know that the best way to get a good thing done quickly and thoroughly is to call on him. His pleasing manner and ready smile chase away all hesitation when we are in doubt.

JANE AMANDA ALEXANDER

Mooresville, North Carolina  
*"Happy in music, ambitious in life—  
She's sure to rid this world of some of its strife."*

Mnemosynean; Glee Club; Choir; Fireside Club. This girl is one of the most talented music students on the campus. She sings and plays equally well. She won first place in a musical contest during her freshman year. Everyone likes Jane and hopes that she will use her talents in the best possible way.

THOMAS YOUNG ANGELL

Mount Airy, North Carolina  
*"Who has God's service as his guide  
Will never lay his aim aside."*

Delphian; Ministerial Band, President; Missionary Club, President '37; Methodist Club. Sincere in all his efforts to help some one, Thomas will be a splendid worker in the ministry.

MARY EDITH ALLEN

Gastonia, North Carolina  
*"Ambitious for a life worth while—  
To be lived out in simple style."*

Mnemosynean; Fireside Club; Methodist Club. "Poochie," the campus pet. Ah, but that name was well chosen, for Edith is really as friendly as a wet pup. We like to have her around, and we feel that this attitude toward her will linger as long as she continues to be one of us.

EUNICE LUELLE ARNOLD

Lexington, North Carolina  
*"Sincere and kind in every way—  
She's Eunice tomorrow and Eunice today."*

Mnemosynean, Treasurer '36, Chaplain '36; Choir; Glee Club; Photo-Nature Club; Methodist Club; Freshman Class Treasurer; Dramatic Club; Romance Language Club. Because of her complete sincerity, her ready smile, and her friendly helpfulness, it will be hard to forget Eunice.

**JOE JACK ATKINS**

Waynesville, North Carolina  
*"Happy is he who loves to live  
And happiness to others give."*

Delphian; Football; Monogram Club. Joe Jack's our "he-man" life-saver from Lake Junaluska. First he attended the University of North Carolina. In '35 he entered Brevard and has been with us ever since. His interest is in young men; and his ambition is to be, some day, manager of the entire grounds at Lake Junaluska. We believe that he is capable and wish him success in all that he undertakes.

**PAULINA JOHANNA AUER**

Enka, North Carolina  
*"Pauline is dignified; but, never tear,  
Her friendly good nature is more than sincere."*

Mnemosynean; Glee Club; Choir; Pre-Med Club; International Relations Club. "There's a little Dutch girl"—and this is she. But honestly, you couldn't tell it to save you, she's so well adapted. "Polly" is a girl who makes her own place, whether it's in Holland, America, or Kalamazoo.

**CORA CHRISTINE AUSTIN**

Peachland, North Carolina  
*"A willing worker when work's to be done;  
From the hardships of life she'll never run."*

Mnemosynean. This North Carolina "peach" came to Brevard College after Christmas, registered as a sophomore, and immediately began helping Dean Buckner attend to his many duties. She graduated from Marshville High School in 1932, attended King's Business College, Charlotte, N. C., during '33-'34.

**FRANCIS HENRY BAHNSON, JR.**

Farmington, North Carolina  
*"Staunch, good natured, true, and steady;  
When a friend is needed he's always ready."*

Delphian, Treasurer '37; Photo-Nature Club; Debaters' Club. Frank's originality puts a lot of fire into his dry wit and makes people take it and like it. That's the idea, Frank. Be a dictator.

**SARAH FRANCES BARKSDALE**

Spray, North Carolina  
*"She's quiet, modest, and sincere,  
It's always a pleasure to have her near."*

Mnemosynean; Methodist Club; Travel Club; Pre-Med Club. Under her reserve, Frances has unsuspected qualities. We wonder why she is so hesitant in portraying them. Perhaps she is saving them for a better purpose. Anyway, much success and happiness to you.

**WILLIE BELLE BERRYHILL**

Charlotte, North Carolina  
*"Here's to one so jolly and gay;  
She smiles and drives our cares away."*

Mnemosynean; Fireside Club, Critic '36; Methodist Club; Glee Club; Choir. Jolly, good-natured, always ready for a good time and a lot of fun. That's Willie Belle. She's studious and even domestically inclined. You should see that suit she knitted. Fact is, she can do almost anything she tries.

**BILLY HENRY BLACK**

Midland, North Carolina  
"With his wonderful aim  
He will do his best, we know."

Clisophic; Ministerial Band; Dormitory Council; Publicity Committee of Young People's Organization. Always smiling—always a cheery word for any one. Billie has chosen to follow the ministry as his life work. Bill, we know you'll have plenty of stars in your crown.

**LOU BELLE BOYD**

Waynesville, North Carolina  
"She'll stick to you through thick and thin."

Euterpean; Choir; Methodist Club; Photo-Nature Club. A mathematical genius. Yes, she's one of these wizards you read about. Some day we'll be proud to say we went to school with this teacher—for that, she will surely be.

**HOMER LEON BLANKS**

Swannanoa, North Carolina  
"For friendly advice and midnight pranks  
We owe a lot to Leon Blanks."

Delphian, Sergeant-at-arms '36; Glee Club; Choir; Democratic Club. Leon holds the title of never having had a date, and he is proud of it. His contagious humor has won him a host of friends, both boys and girls. We wish him the best from life.

**MARGARET ESTHER BOYD**

Waynesville, North Carolina  
"One of the twins is domestically inclined,  
As perhaps someday some man will find."

Euterpean; Methodist Club; Photo Nature Club. No, this is not a carbon copy of Lou Belle's write-up. Although Margaret is interested in Math, she likes to sew, knit, and do other kinds of hand work. So we see, perhaps, a great home-builder in Margaret.

**SARAH ETHEL BLYTHE**

Hendersonville, North Carolina  
"Blythe in spirit, Blythe in name—  
Loyal, sincere, she's always the same."

Mnemosynean; Fireside Club, President '36; Choir; Photo-Nature Club; Baptist Club; Marshal. Ethel keeps herself in seclusion in "Lab" so much of the time that it is only a lucky few who know her well. This intellectual genius is one of the friendliest girls in school, and we'll miss her when she goes.

**BERNICE EUPHENIA BRANTLEY**

Mooreville, North Carolina  
"Intellectuality enhanced by beauty, fair to see."

Mnemosynean, Vice-President '36; Student Council '37; Dramatic Club, Vice-President '37; Assistant Dean of Girls' Dormitory; Methodist Club; Prayer Meeting Committee; Dormitory Council; Boosters' Club; Pertelote Staff. "Sh! Let's be quiet, girls"—to the "biddies" of West Hall is Bernice known by this. To the rest of this school she is known as a most capable girl and a good sport in work or play. Her friendly smiles have cheered us all in blue moments.

*Remember! What you do today will determine your future. Work hard and you will succeed. Do it for the love of it.*

MARY EDWINA BROOKS

Clyde, North Carolina

*"Because of her gaiety, laughter, and song  
She'll always have friends though her life be long."*  
Euterpean; Photo-Nature Club; Democratic Club;  
Baptist Club; Choir; Euterpean Basketball Team.  
Edwina is a very active girl in all sports. Her ready  
smile and unusual personality make her popular  
among the students. We are expecting her to make  
good in the field of commercial education.

ALFRED WARD BUCHANAN

Tryon, North Carolina

*"Dime" is not out for the ladies fair.  
But they come to his whistle from everywhere."*  
Delphian. "Dime" came to Brevard in '35, but  
left after the first quarter for Cullowhee. This year  
he has decided to come back and stay—we hope.  
While at W.C.T.C. he played football; here he seems  
to be the champion hose-shoe pitcher. Buck says he  
will go to the field of education for his life work.  
Here's luck to him!

*Margaret,  
I admire  
you so  
much. You  
deserve the  
best in  
everything.  
I love you  
and will  
always  
consider  
you as one  
of my best  
friends.  
My best  
wishes for  
your  
happiness  
always,  
Annie  
Ruth*

ELIZABETH MARIE BROOKSHIRE

West Asheville, North Carolina

*"Smiling and willing always to do  
Whatever she can that her friends ask her to."*  
Euterpean; International Relations Club, Secretary  
'37; Clarion Staff; Pertelote Staff; Choir; Glee Club;  
President of Young People's Department; Democratic  
Club Missionary Club. Some cause happiness  
whenever they go! Not so with Bet. She causes it  
wherever she goes. And this friendly spirit will  
take Betty where her mind dictates. "Little feet, be  
careful."

CARL BONNER CALDWELL

Smyrna, North Carolina

*"A consistent worker will forge ahead  
While faster runners are still abed."*  
Brevard stands for work, and Carl takes it on as  
fast as it's given him. So well does he accomplish  
any and every job, we know that he will do as well  
in whatever he undertakes in life.

ANNIE RUTH CALL

Mocksville, North Carolina

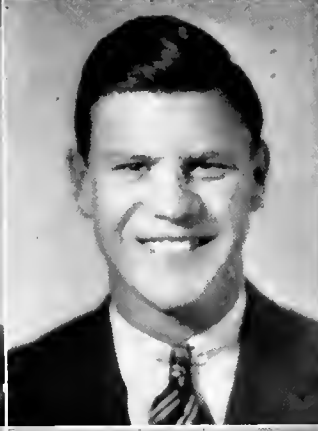

*"A beautiful face and pleasing voice—  
As the friendliest girl she's every one's choice."*  
Euterpean, Critic '36, President '37; Glee Club;  
Pre-Med Club, Vice President '36; Choir; Boosters'  
Club, President '37. Yes, 'tis true! Her friends are  
numbered by her acquaintances. She's "not too  
serious and not too gay, but a rare good friend in  
a rare good way!" This campus beauty likes to  
exclaim in a chattering way, "Who's afraid of the  
big tall men?"

ROY EDWARD BROWN

Horse Shoe, North Carolina

Closophic; Agriculture Club; Presbyterian Club;  
Dormitory Council. Roy is one of those few people  
who can be depended on to do whatever is asked  
of him. He does it well, too!

**JAMES EDWIN CARLISLE**

Bostic, North Carolina

*"Popular, steady, honest, and true,  
With a keen sense of humor—the 'Eddies' are true."*  
Delphian, President '35; Choir; Glee Club; Dormitory Council; Student Council, President '37; Methodist Club; Dramatic Club; Boosters' Club; Mid-Week Prayer Service Committee; Baseball, all-conference catcher '36; Manogram Club. Always smiling, always cheerful, Eddie sticks to the task till it's finished. We're expecting big things from him, for we know what he is capable of doing.

**MARGARET CLEMENTINE CHRISCO**

Badin, North Carolina

*"Her giggle's infectious, her smile's like a gem;  
We'll never forget our smiling 'Clem.'"*  
Euterpean; Photo-Nature Club; Republican Club; Presbyterian Club. Mix one part of beauty with two parts of friendliness; add a dash of mischievousness, with a spice of indifference; combine all with common sense; and we have the lovable scamp known as "Clem." Those little devils behind those black eyes demand a man in every port—but may the best man win.

**EDWARD CLAYTON**

Brevard, North Carolina

*"He plays a prank and then he grins—  
When 'Eb' arrives the fun begins."*  
Day Students' Club; Football. When "Eb" starts down the football field with the ball, or when he knocks a baseball over the fence, the school goes wild. But there's more to him than mere athletic prowess and a casual classroom crack. Here's to your future, Eb! Go to it!

**MILDRED ALLENE COGDILL**

Fletcher, North Carolina

*"Original, vivacious, sweet and cute,  
As bright as red hair is her good repute."*  
Euterpean; Dramatic Club; Fireside Club; Choir; Pernelote Staff; Sophomore Cheer Leader. "Midge" is the cutest little nut we've ever met. Jolly, laughin', careless—her days are always sunny for herself and others. Her personality is a delightful mixture of fun and good sportsmanship.

**CHARLES CALVIN COOK**

Asheville, North Carolina

*"He'll climb to his goal with a cheerful outlook—  
This likeable fellow, Charlie Cook."*  
Closophic; Dormitory Council. From comparative isolation at Ross Hall, Charlie calls our attention to his keen humor. And his looks—girls, have you noticed? Here's one boy who'll come out at the top.

**BESSIE PRICE CORNELIUS**

Winston-Salem, North Carolina

*"With Rough-house, Poovey, Handsome, and Fan—  
Wherever there's Corky—there's always a man."*  
Euterpean; International Relations '35-'36; Methodist Club; Most Original Girl in Class. We don't believe there's a person at Brevard who doesn't know Price. She's here and there and everywhere, with a twinkle in those blue eyes and a flock of boys at her heels.

### LUNETTE OCTIE CORNWELL

Leeds, South Carolina

*"We'll always remember 'Luney' as one  
Warm-hearted, true, and full of fun."*

Mnemosynean; Glee Club; Choir Fireside Club, Secretary '36; Travel Club; Baptist Club. A wave of the hand—a smile—a cheery word of greeting—and she passes on. Lunette—or better known as "Luney"—is always ready to begin something; and we'll bet there'll be a happy ending, too.

### ELIZABETH HARRELSON CRAFT

Cherryville, North Carolina

*"A friendly smile and cheery hello.  
There's nothing about French this girl doesn't know."*

Glee Club; Choir; Fireside Club; Mnemosynean; International Relations Club. This girl is one whom you may always find wrapped in some French book or a classic. It is good to have her in a class to answer the questions, though. In spite of her classical-mindedness, Elizabeth has quite a modern outlook on life.

### WALTER FRANCIS CRAVEN

Winston-Salem, North Carolina

*"Cause his humor's never failing and his loyalty can't  
end,  
We'd like with Midge to claim him even more than  
just a friend."*

Cliosopic; Choir; Glee Club; Cheer Leader; Democratic Club; Football; Baseball; Pertelote staff. Big words like original, intelligent, dependable, and capable describe Frank but even these words do not tell of the friend who made the gay things gayer and the difficult things less difficult.

### WILLIAM RAYMOND CRAVER

Lexington, North Carolina

*"Happy-go-lucky, athletically inclined—  
A truer friend is hard to find."*

Delphian; Ministerial Band; Agriculture Club. Bill is rather quiet, but he is all business and a good bet for any one but the "Biddies." He'd be good either as a preacher or a farmer—which will it be?

### VIVIAN MARIE CRAVER

Lexington, North Carolina

*"Always pleasant, always sweet,  
A girl like 'Viv' is hard to beat."*

Mnemosynean; Choir; International Relations Club. She is one of the quietest girls that we have. She seldom pushes out in front but always cooperates well with her fellow-workers. She is a very studious girl and does good work. She is a faithful friend to everyone, and the kind that will make the world better.

### JAMES WOODROW CRAWLEY

Greensboro, North Carolina

*"Ambitious Crawley of the Ministerial Band!  
May he have the best success in this field of great  
demand."*

Cliosopic; Ministerial Band, Chaplain '36; Missionary Club; Methodist Club. Crawley's participation in religious activities on the campus proves to us that he will be a success in the ministry.

### JAMES WOOD CROUSE

Lexington, North Carolina

*"In serving others he serves himself best."*

Delphian, Chaplain '36; Ministerial Band; Methodist Club, President '36; Council of Methodist Church; President of Sunday School Class; Council member of Young People's Department; Choir; Dormitory President of religious activities '36. Jim has wisely chosen to follow the ministerial calling; and we do not have to wish him luck—he doesn't need it.

### MAX SINCLAIR DEAL

Conover, North Carolina

*"A jast ball, and personality, too.  
Put Deal among the all-around few."*

Delphian, Reporter '37; Monogram Club; Football; Tennis; Baseball, Captain '37; Dormitory Council. A typical lad, full of vim, likeable in every respect. He has a heart of gold and is bound to succeed.

### WILLA AGNE DAUGHTRY

Clinton, North Carolina

A fine, warm-hearted girl is she."*

**MARGARET ANTOINETTE SLAGLE**

Franklin, North Carolina

 dashing brunette is an apparent extrovert. You find  
 her in active participation in all out-door sports, such

 rosy cheeks and healthy body. Her attitude is one  
 of high sociability, and one is always happy  
 around her.

**GLENN ALEXANDER SHULER**

Highlands, North Carolina  
*"It trouble you have in English 21,  
 Call by and see Shuler; he thinks it is fun."*

Delphian. If ever a person sticks to his purpose,  
 that person is Glenn. Whether it's the vitamins of  
 Home Ec. or the technicalities of Sophomore English,  
 Glenn's the man that knows. It is useless to wish  
 that he will succeed in life—he already has done so.

**HOWARD MURRAY STAMEY**

Canton, North Carolina  
*"Quiet, sincere, and full of real ability, Howard will  
 do good work in this world."*

Delphian, Vice-President '36; Democratic Club,  
 Chairman; Dramatic Club; Basketball; Monogram  
 Club; Pertelote Staff; Delphian and Mnemosynean  
 basketball coach. Howard is a leader of people and  
 one of the most influential boys on the campus. If  
 he is assigned something to do, it will surely be done.

**KATE SITTON**

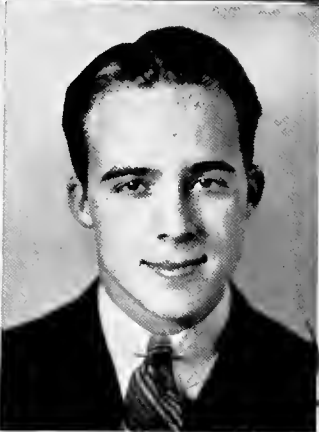

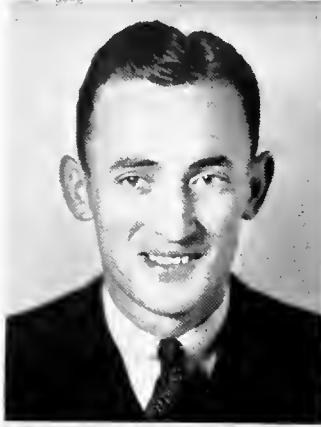

Almond, North Carolina  
*"Kate is quiet. Those who know her  
 Believe that nothing her standards can lower."*

Mnemosynean; Folk-Lore Club, Secretary '37.  
 Quiet, modest, sedate—that's Kate. She is not a  
 boisterous talker; but when she does speak, it is  
 well worth listening to. She ranks high in scholar-  
 ship as well as "stickability."

**LUCY BLAKE STRUM**

Rocky Mount, North Carolina  
*"We shall never forget Lucy."*

Mnemosynean; Choir; Fireside Club; Photo-  
 Nature Club; Methodist Club. Perseverance and  
 dependability are her outstanding traits. She is  
 always helpful when there is anything to be done.  
 Modest, nice, and friendly we have found her.

DAVID LEON STUBBS

Aurora, North Carolina

*There's a fine girl included*  
"When you think of Stubbs you think of mail;  
But he's ready to do what is right without fail."

Cliosopic; Ministerial Band, Vice-President; Baseball; Tennis; Basketball; Boosters' Club; Student Council Young People's Organization, President. Stubbs does not follow the crowd—the crowd follows him (not only at mail-time, either). Though summer's sun and winter's wind Leon has stayed with us faithfully, and he may truly expect the abundant life without being disappointed.

EDWARD HAMRICK SWAN

Andrews, North Carolina

"I physique we all envy; a mind we all respect."

Delphian; Photo-Nature Club; Football; Baseball; Basketball; Dormitory Council, President. This Freshman Terror indeed must be a dynamo of energy. You find him never tiring in activities all over the campus. He always remembers that a quitter never wins and a winner never quits.

EVELYN ELIZABETH SWARINGEN

Concord, North Carolina

"Her praises we haven't room to express;  
At the sum of her greatness we can only guess."

Mnemosynean; Boosters' Club; Sigma Phi Alpha; International Relations Club; Methodist Club; Student Council; Dormitory Council; Associate Editor of Clarion; "Miss Brevard College." Evelyn approaches being the most outstanding girl on the campus. Her honors show her ability.

ALMA IRENE TALLEY

Penrose, North Carolina

*Her lovely face and manners demure  
Will make her successful—of that we're sure.*

Day Students' Club. Because she is a town girl, many of us have not known Alma well. However, she is one of our talented girls—both in playwriting and in typing. Keep up the good work, Alma, it will take you far.

ROLAND ARRINGTON TAYLOR

Whitakers, North Carolina

"Talented in music and other things as well, his leadership wins him our strong admiration."

Cliosopic, Vice-President '37; Glee Club; Choir. Roland hails from State College, and there he has even more musically inclined than here. I've got a hunch this is regular "concert meat" being cut for a big barbecue.

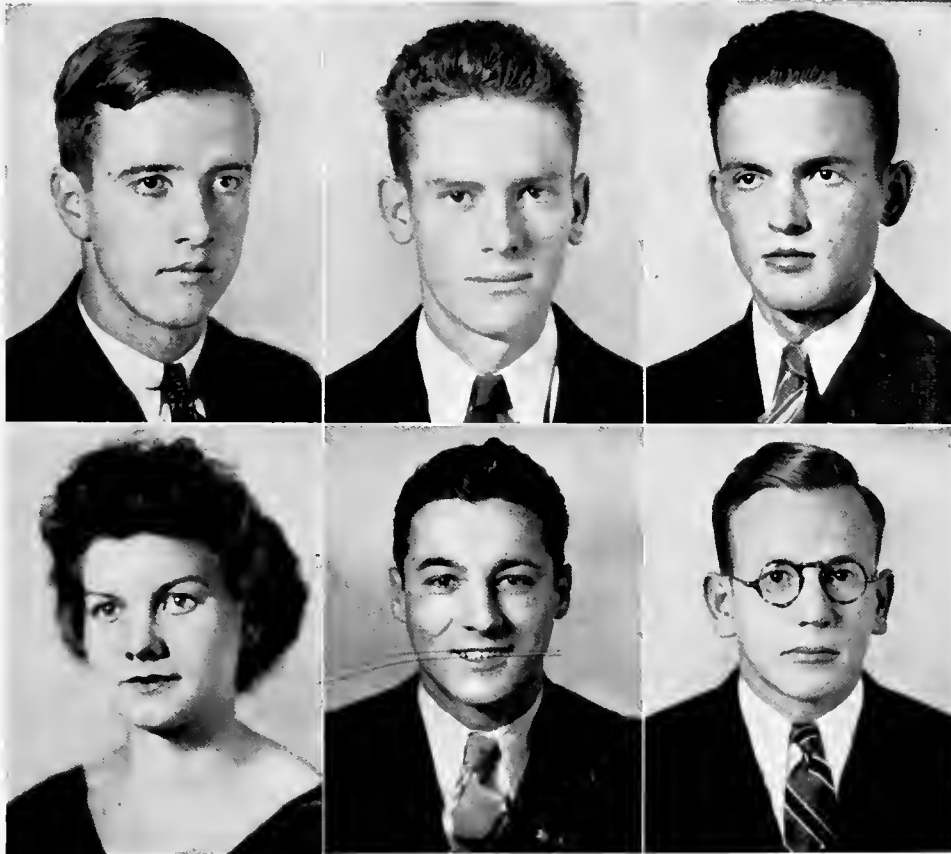

MARY HELEN TEAGUE

Asheville, North Carolina

"A lovely understanding smile  
Imparting joy that lasts a while."

Mnemosynean, Pianist; Choir; Concert Choir; Boosters' Club; Missionary Club; House President '36. Even without her "Chugar," Teague is sweet as they come. Her lovely voice and her charming smile are assets when it comes to making friends. Her personality will always carry her through any hardship.

### CLEM WILSON THOMAS

Summerfield, North Carolina

*"A kind, generous, sympathetic friend—  
One you can trust until the end."*

Delphian, Reporter '37; International Relations Club; Photo-Nature Club; Clarion Staff, Assistant Business Manager '36, Business Manager '37; Assistant Baseball Manager '36; Baseball Co-Manager '37. Besides being an athletic manager, Clem is (this came through some gossip's keen sense of rumor) an athlete himself. Swimming is his red-letter sport.

### ELLEN VALLROTH WADDELL

Hendersonville, North Carolina

*"Sincerity, sense, simplicity—with music to grace  
this trio."*

Mnemosynean, Critic '36, President '37; Dramatic Club; Methodist Club; Glee Club; Choir. Sing, play, act, read, or anything—yes, Ellen can do it. She's talented—and is surpassed by only a few. And, believe me, Dan Cupid wasn't blind when he shot her heart, either. Lucky guy!

### WILLIAM DAVID TURNER

Waynesville, North Carolina

*"In 'Red' you find a gentleman rare."*

Scientific Farmers' Union, President '37; Folk-Lore Club; Clio. "Red" is a fellow with determination which will win in any fight. He is pleasant, modest, and rather bashful; but his mental ability will surely win him success.

### JOHN PAUL WAHONICK

Glen Robins, Ohio

*"We know John well, and this can be said:  
He may rocket to fame, but it won't turn his head."*

Cliosopic, President '36; International Relations Club; Boosters' Club, President '36; Monogram Club; Football; Baseball, Captain '36, All-Conference Pitcher '36; Dormitory Council, President '37; Student Council '35.

### SAMUEL BEDFORD TWEED

Fletcher, North Carolina

*"Quiet and steady; whenever there's need,  
We always can count on S. B. Tweed."*

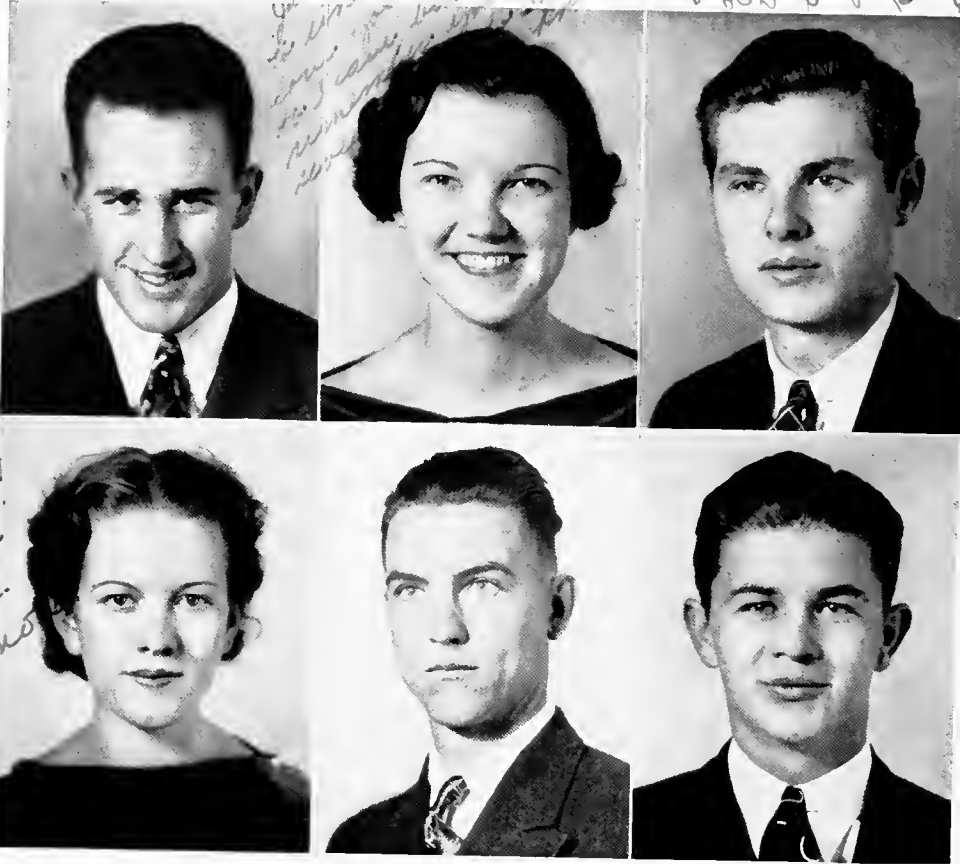

Cliosopic, Treasurer '37; Basketball; Baseball. This boy is one of our best athletes. He possesses dignity which distinguishes him from other students. He does not care especially for the girls, but girls as well as boys like him. He is the executive type, and we feel sure that he will be successful.

### JOHN EDWIN WALKER

Andrews, North Carolina

*"I willing worker, he'll do his best, thinking only of  
doing and not of reward."*

Delphian; Scientific Farmers' Union; Football. Why take life so seriously, John? You'll never get out of it alive. (At any rate, he's getting plenty out of it other ways, though. His dignity and level-headedness are characteristics that cause one to soar above the low things in life.)

**J. HERMAN WASHAM**

Cornelius, North Carolina

*"A diligent worker who faces his task with a determination to win."*

Clisophic. Herman can be trusted on all occasions. Though he is quiet and timid, his desires to do his best and his sincerity will lead him to a fuller and happier life.

**HELEN MARJORIE WHISNANT**

Asheville, North Carolina

*"Original, good-natured, and full of fun."*

*But serious and able when there's work to be done."*

Euterpean, Critic '37; International Relations Club. "Margie"—that suits her—is just a bundle of smiles. There's not much chance of this "peach's" turning "lemonish." She's too optimistic. She said Jonah told the whale, "This would never have happened if you had kept your mouth shut."

**FRANCES ZELMA WATT**

Stony Point, North Carolina

*"Frances is capable—dependable, too."*

*Persons like her are only to few."*

Euterpean, Chaplan '37; Travel Club, Secretary '37; Methodist Club. Frances is a most responsible person. It is no risk to leave a task for her to do. And, too, she's what one might call a "bad-weather" friend—one who will lend you her only umbrella.

**HOWARD WILKINSON**

Charlotte, North Carolina

*"His reserved manners and quiet capability have won him friends by the score."*

Clisophic; Radio Club. Howard is one of those rare individuals whose acquaintance is hard to make, but, once acquired, is worth all the effort. He has plenty of brawn, and brains galore with which to direct it. Lead with your left, Howard, and when you get life in the ropes—don't let up.

**PAUL FLETCHER WESTBROOK**

Campobello, South Carolina

*"With his many other merits Paul's a very good debater."*

*At telling of them all, though, I'm a very poor relater."*

Delphian, Secretary '36; Dormitory Council; Forensic Club, President; Debating Team; International Relations Club. Good or bad you have him—fortunately good. As a ladies' man Paul has the best manners of any boy here, and as a man's man he's a pal "what is."

**FREDERICK CALVIN WILSON**

Lexington, North Carolina

*"His smile is broad and is not too rare; he's the kind of fellow we like."*

Delphian; International Relations Club; Tennis Team. Who doesn't know Ted, that handsome curly-haired lad who loves to play? His greatest pastime is tennis.

*The very  
best of  
everything  
to you—  
"Chris"*

**MARGARET EDWINA WILSON**

Bryson City, North Carolina

*"She's friendly and impartial and talented as well. Of all her accomplishments it's really hard to tell."*

Euterpean, President '37, Pianist '36; Glee Club, President '36; Photo-Nature Club, Vice-President '36; Debaters' Club, Treasurer '37; President of Sunday School Class; Methodist Club; International Relations Club; Choir; Sigma Phi Alpha; Chairman of Mid-Week Prayer Service Committee. More than this need not be said.

**CHRISTINE CLARA YONGUE**

Brevard, North Carolina

*"Fivacious, friendly, and witty is Chris—*

*Her spontaneous merriment most we will miss."*

Glee Club; Concert Choir. Being a town girl doesn't stop Chris. Her friendly personality makes her many lasting acquaintances. Her musical talent is of the highest quality, and we can always remember her "swinging it" in her inimitable way. Nevertheless, her sincere and serious nature makes her a well-balanced girl.

**HOPE HENDERSON WINECOFF**

Concord, North Carolina

*"He talks very little from day to day;*

*But when he speaks, he has something to say."*

Delphian; Photo-Nature Club; Glee Club. Hope did not stay on the campus during his freshman year, and many of the students did not know him so well. But since we have lived with him a year, we have found him to be a very likeable boy.

*Still Life*

## *Land of Waterfalls*

By Helen Avett

Brevard—in the land of waterfalls,  
I see from my window here  
How the shadows change on the hills around  
First haze, then blue, and now clear.

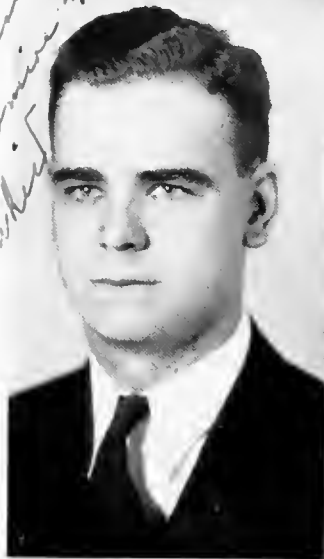

Those hills, as I closer look, are green  
With trees. There's a tall straight pine  
That bestows its calm as it whispers low,  
And bends to the sky's blue line.

Those hills by the light of the moon still hold  
Me awed. There is in the night  
Only peace. Each star is a hope fulfilled,  
A symbol of coming light.

Brevard—it is here I've learned to live.  
Brevard—each moment is dear.  
As I gaze towards the mountains high,  
I feel as if God were near.

## *Brevard's Athletic Facilities*

Brevard College is a struggling enterprise. From its beginning, in September, 1934, it has been in dire need of an adequate place in which to carry on its athletic program. There was no place for football. Basketball was played in the Brevard High School gymnasium. The baseball team could not perform efficiently on the field which was furnished it.

In the building program, outlined by Mr. Coltrane, to which the students immediately pledged almost two thousand dollars, an athletic field and gymnasium were the first objectives. The athletic field will supply facilities for football, baseball and track. When finished it will aid immeasurably our athletic program.

The athletics in any school should build the student both physically and mentally. Certainly Brevard's administration keeps this purpose in mind. We feel that this year's student body was really the foundation on which the building program was laid. It was with much enthusiasm that the workers were greeted on the morning work began.

*The 1936-37 Season*

Arthur J. Ranson began his career as Coach in Brevard College when he held the first football practice in September, 1936. There were only four lettermen, John Odom, Bill Edwards, Ed Clayton, and Bill Ferguson, among the twenty five candidates who reported for practice.

The Tornado suffered its first defeat of the season at the hands of Wofford Freshmen. During the first half the visitors came back and marked up seven first downs to Brevard's three. "Red" Love was outstanding in the backfield for the Tornado.

# The Brevard

Brevard lost its second game of the season to Erskine Freshmen by a score of 13-7. The Tornado fought a good battle all the way. At the end of the first half the score was Erskine 7, Brevard 7. Throughout the struggle the teams fought on a water soaked field. Undaunted by the loss to Erskine Frosh, the Brevard eleven traveled to Asheville the following week and defeated Biltmore College, 21-13. The Tornado scored immediately after the beginning of the game. Atkins carried the ball over for the first touchdown. McMinn and Hicks were responsible for the other scores. Ed Clayton played one of the best games of his career.

The Brevard Tornado was defeated in a hard fought game with Belmont Abbey on October 31. Captain Edwards was the outstanding player of the day.

The Tornado lost the third conference game of the season to a stronger Campbell eleven. Bill Edwards and John Odom turned in exceptional performances.

The Brevard Tornado swung into action against the powerful Lees-McRae eleven on November 14 and won their first conference game by a score of 25-13. The team had little difficulty with P. J. C. a week later and walked away with a 32 to 0 victory.

Brevard went to Mars Hill on November 27. There it outplayed, outfought, and did everything but outscore the strong Mars Hill Lions in a game that was

heartbreaking to lose. The final score was 38-7.

As the thrills and the throbs of victories and defeats slowly recede, we find that we have not won the championship, but have won all moral victories humanly possible. The cheering student body has witnessed a Tornado that piled our opponents up time and again before the whistle blew for the game to end. The Tornado did not know how to go down before the game ended. Although we do not claim the championship we claim that we have a fighting Tornado to which we all accord much respect.

We think of the coming year and the success that we see the team representing Brevard will have. Long live the Tornado and may it be the team that defeats the Mars Hill Lions in 1937!

# Basketball

Brevard, as usual, had a large turnout for basketball this season. As a nucleus, Coach Arthur J. Ranson had only one returning letterman around which to build his Tornado quintet.

Although the team was faced with several difficulties, statistics show that Brevard won 6 and dropped 7 games.

Hyatt, Stubbs, Rogers, S. Tweed, Kiger, DeShaw, Totherow, Speas, C. Tweed, and Curtis were awarded letters for their play this year.

Coach Ranson has six lettermen as a nucleus around which to build a team next year. With a new gymnasium to play in, they should have no trouble in going places in their conference battles next year.

CAPTAIN DEAL

When Coach Ranson gave the first call for baseball practice this spring only three lettermen, Captain Deal, Lee, and Tweed, and approximately twenty new candidates appeared for the session.

The pitching seems to be the least worry to Coach Ranson. Captain Deal, an ace right-hander, is expected to start most of the games. However, if anything should go wrong with Captain Deal, Coach Ranson has two reliable men in the southpaws, Lee and Tweed.

The outstanding weakness of the team appears to be in the hitting department; however, if the new men, Cauble, Craven, Stubbs, Frye, and Moss, live up to their promises, a strong team will be developed. From all indications these men have plenty of class and they are sure of a position on the team.

Although the Brevard Tornados got off to a bad start by losing two of their first conference games, they have displayed plenty of power lately by defeating the strong Mars Hill team. An early season defeat given Brevard by Oak Ridge was recently revenged by the score of 9 to 7.

### *The "Willow Plate"*

Remember "The Willow Plate?" Prince Tai-lo gives Princess Koong-Shee to Chang and receives both their thanks in the scene pictured here. "The Willow Plate," produced under the direction of Mrs. Dendy and Miss Clay, was enthusiastically received by the student body as well as the music lovers from the town of Brevard. Closely associated with the production of the operetta is the memory of the activities of the concert choir.

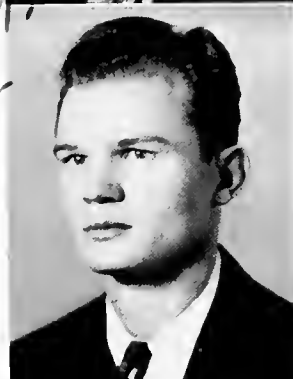

There are, among the friends of our Music Department, those who consider this division of our college its greatest attraction. We all take great pride in the excellent work which the various groups representing the Music Department have done this year. We also give deserved recognition to those individual students who have developed so remarkably in their study of voice and piano.

## *Duty Work*

Brevard is primarily a work college. In following out its principles of education reduced to a minimum cost, the college administration established a system of universally imposed work. By this plan every student is required to do a certain amount of work in return for which he receives a substantial reduction in his expenses.

We remember with pleasure the democratic spirit which prevailed among us as a result of our knowing that every student was a hard working one, that every young person on our campus found it advisable to earn a part of his or her expenses by doing duty work, and that no member of our group deemed himself above engaging in honest labor.

## *Economizing with Electricity*

Intelligent and progressive housewives are not only relieving themselves of household and kitchen drudgery and making their homes healthier and brighter and happier, but they are actually and substantially reducing their household budgets through the wise application of electricity to household duties.

Take the three all important matters of cooking, refrigeration and water heating for instance. With all its advantages of coolness, convenience, the saving of time and labor, and other advantages, electric cookery costs no more than the old fashioned ways. And electric refrigeration, with all of its advantages over ordinary refrigeration actually costs less—much less. Automatic electric hot water service is economical also—almost beyond belief.

The cost of electric service has had a constant trend downward since the power industry came into being. . . . *The cost of living has substantially increased during the past three years; the cost of electric service has continued to decrease.*

# Aspirations of Campus Leaders

Here are the aspirations of a few of the members of the class of '37 who, we feel, have a definite purpose in life and will successfully attain their goal:

Margaret Ryan is poetically inclined, and hopes to use her talent to stimulate and entertain others.

Evelyn Swaringen wants to be a good high school or junior college English teacher with journalism as her main hobby.

Bernice Brantley's ambition is to become an efficient librarian.

Harold Severs will become a doctor.

Satenik Nahikian will probably do social work either at home or abroad. Her journalistic ability may be of help to her in this undertaking.

Leighton Presson will write and produce plays.

John Wahonick has major league aspirations. He may also become a history teacher or go into social reform work.

It is with a whispered prayer that we record the foregoing aims and purposes. Youth is prone to look at the world through rose-colored glasses. Who is qualified to peer into the future and say "my life shall be thus"? But what edifice can be successfully constructed without plans?

The climb ahead of us is long and arduous but not impassable. Those who run most swiftly and with greatest ease may grow weary and sit down to rest or the slowest may plod ahead to realization and fulfillment of desires. Human destinies should be referred to only with reverence. In compiling these purposes, as we have heard them expressed by the individuals concerned, we are setting the die for a great experiment. Twenty years hence it will be interesting to review this page and compare the dreams of youth with accomplishments achieved at the half-way mark in life.

Margaret Honey (alias Lilly),

I can't begin to tell you what you've meant to me this year. When nobody else could tolerate my gabbling you, and only you, sympathized and encouraged me. I appreciate the fact that you have been so patient and understanding.

Margaret, I've never admired a girl so much as I do you. You're everything that even in my wildest hopes I could not expect to be, but aspired to, nevertheless. I only hope that you never, ever change, and I don't believe you will.

I sincerely hope you have all the happiness this world can give, for if any body deserves to be happy, you do. Please don't forget me. I hope we will be together again someday, but it could never be just like old Brevard, could it?

Luck and Love Italore,  
Margie

Dear Margaret,

These two years are about over but my memories of you are not so short. I have enjoyed having such a friend as you. Always remember me and our days here at Brevard. I am sure you will succeed and be happy.  
Love to a wet, sea friend  
Allan May

Margaret Darling,

When there is so much to say, I can't say it. When I'm writing to an ideal girl, I really can't express my feelings. But I can say with all my heart that you're the most inspiring girl I've ever known. You make the world seem higher, cleaner, and purer. I admire you more than any other person I've ever met. I can never even hope to attain the heights of character that you have, but since knowing you my ideals are higher. You make me want to do something worthwhile, and forget things that aren't noble. I love everything that you stand for, and I hope you'll never lower your standards one bit, and I know you won't.

I hate for graduation to come, and a large part of that is because of you. I know I won't find a girl at home that will mean half so much to me as you have, for I don't think there is another in the world. I hope I'll see you again sometime, and my greatest wish is that fate bring us together for a long time. But just knowing you for this short time will cause your spirit to live with me always.

I hope that the world will give you everything you wish, for I know you want anything that will not help everybody. You have everything that it takes to be a grand success, and I know you will be one.

When I started writing, I told you my thoughts weren't connected, but you said "write", so I have. I have written my sincerest thoughts. If I knew some person would ever admire me as much as I do you, I would then feel life had been worth living.

If admiring, idealizing, praising, & worshipping someone can be called love, then I have worlds of it for you -

Always, Irene

Dearest Margaret,

There is so much that I would like to say - ever so much - that I cannot put it into words, if there be words that could express my thoughts. To me you are something fine and noble, something rare, something to be treasured as a jewel. You represent the ideals for which everyone should strive to possess. Never in a million years would there be another you. You are truly one in a million. I will never forget you Margaret as long as I live. You are truly a friend. Sometimes I wish that you were more than a friend, but to have you as a friend is to have something to cherish for a lifetime. No more than that one can only hope for. So I will wish you every happiness, the best of luck, and the success that you cannot help attaining.

Forever,

Dick
